Good Light

safeguards precious eyes

Plenty of lighting points mean light in the right place. Well placed and ample light throughout the home safeguards young eyes and preserves old ones. The cost is little, the benefit is great.

Better Light Everywhere

For instance—larger bulbs are economical—it's cheery to have a light in your porch—more light on the stairs and landings saves accidents.

The Conquest of **ILL-HEALTH and PAIN**

Barclay Smith in his book "Good Health For All," says that acid in the bloodstream causes most human complaints. If you're suffering from ill-health take R.U.R. regularly.

R.U.R. gets right at the root of the trouble, and restores radiant health and vitality. It contains a liver stimulant, kidney cleanser, a laxative, blood purifier and acid corrective. It neutralises the acid in the system.

**TAKE R.U.R. TWICE A WEEK AND THEN YOU'LL FIND THE
HEALTH YOU SEEK.**
